HEALTH COUNCIL HEARS REPORT ON AREA DENTAL HEALTH CLINIC

At a meeting of the Bethel Area Health and Service Council on Thursday, Jan. 4, at the Bethel Savings Bank, Raymond Berryment, president of the Area Health and Service Council and Mrs. Jo Anne Cook, also, a member of the Council, and chairman of the fact finding committee for the Dental Health Clinic, reported on the present status of the Area Dental Health project. Their presentation was very encouraging to the members present, and the Bethel Council voted to support the Area Clinic. This would serve all towns in M. S. A. D. #44 (Andover, Bethel, Greenwood, Newry and Woodstock), Albany, Gilead, Mason, Milbon Plantation, and Upton. The former Dr. Clinie offices have been obtained for the dental clinic and has all the needed equipment. The Federal Health and Service Corporation will provide the salary for a Dentist for two years, and if this Area proposal is ready for presentation by May 1, the program would be ready to go by July 1.

At the business meeting that followed it was reported that the Diabetic Program was very successful, and it was voted to continue it another year. The Drug Team has made their presentation to several organizations. The Council will purchase a hydraulic lift from Mrs. Beatrice Grover, and the Finance Committee approved the payment for costs of an evaluation of teeth repair for an eighth grader.

A nominating committee was appointed to present a slate of officers for the new year at the annual meeting in March.

S. A. D. 44 BUDGET MEETING SCHEDULED FOR FEB. 20

INITIATED ARTICLES POSSIBLE

The S. A. D. 44 board of directors has set Tuesday, Feb. 20, as the date for the district meeting at Telstar Regional High School, for consideration of the budget for the fiscal period July 1, 1973 to June 30, 1974.

The attention of citizens in the member municipalities of S. A. D. 44 is called to the following paragraphs of the Maine Statutes (Title 20, §226) with regard to the warrant for district budget meetings:

"It shall set forth the proposed school budget in a manner as provided in this section, and such other articles as the board of directors may choose to place before the voters for their consideration, excluding authorization to borrow money for school construction purposes."

"When requested by 10% of the number of voters voting for the gubernatorial candidates at the last statewide election in each municipality comprising a school administrative district, the board of directors shall place specific articles, not in conflict with existing state statutes, in the warrants for consideration at the next annual district budget meeting, in accordance with this section."

"To be included in the warrant such a petition must be in the hands of the board of directors at least 15 days before the date set for the district budget meeting. When placed upon the warrant, the articles must be considered before the action relating to the appropriation of money for the operation of the schools."

Below zero temperatures have been prevalent during much of the past week, with minimal precipitation. This Thursday morning readings of 15° or lower were prevalent with a warming trend predicted.

COMMUNITY CHORALE BEGINS REHEARSALS ON JAN. 15 FOR SPRING CONCERT

After a most successful fall season, rehearsals will begin for the Bethel Community Choral on Monday, Jan. 15.

The Choral under the sponsorship of the Music Boosters, is a group of about 35 enthusiastic persons from the Bethel area which rehearses two hours weekly under the excellent direction of Miss Gretchen Dock and talented accompanist, Mrs. Arnel Brown.

This group met for the first time in October 1972 to prepare for a Christmas concert. The concert was presented to a "full house" at the Methodist Church in Bethel with a program of 16 Christmas pieces including traditional and seasonal songs and featuring two soloists, Jan Stowell of Bethel and M'Lou Terri of Harrison, Maine.

Now with a new season underway it is hoped that new persons will join to help prepare for the Spring Concert. No auditions are required but it must be noted that the last date one may join is Jan. 29! Starting Jan. 15 rehearsals will be held every Monday evening from 7 to 9 p. m. in the music room of Telstar Regional High School. The Choral is open to everyone from ninth grade on up.

Bring your voices, a friend and the enthusiasm to sing. It's a great way to start the year. Why not make '73 a singing year! See you the 15th!

FEDERAL JUDGE GRANTS MOTION TO DISMISS IN CASE INVOLVING S. A. D. 44 BOARD

At a pre-trial conference hearing on a motion to dismiss brought by School Administrative District #44 before Judge Edward T. Gignoux of the United States Federal District Court in Portland on Thursday, Jan. 4, a law suit brought by Lynnie B. York against Robert J. Gerardi and members of the School Administrative District #44 Board of Directors was dismissed.

Mrs. York brought her suit against the School Board and Superintendent in January of 1972 claiming her constitutional rights had been violated when her services as a bookkeeper were terminated the previous Fall. She sought reinstatement to her position and claimed damages in the amount of Fifty-Thousand Dollars (\$50,000.00).

In dismissing Mrs. York's case, Judge Gignoux found that she had failed to state a claim in her complaint or establish a basis upon which the Court could grant her relief.

In the hearing, Michael J. O'Donnell, Bethel attorney, representing the defendants argued successfully that there was not a constitutional right to employment and lacking a contractual relationship an employee can be terminated at anytime.

IN AND ABOUT BETHEL

Capt. Fred Lincoln, who recently spent a R & R leave with his family in town, left Bethel by plane on Tuesday to return to duty in Vietnam.

Mr. and Mrs. Donald Eddy of Sunset Farm left on Monday for Bangkok, Thailand, where Mr. Eddy will complete his contract with the Ford Foundation as staff consultant for the Mekong Project.

Mrs. Alice French Smith, a longtime resident of Bethel, is a patient in a convalescent hospital in Bridgeport, Conn., after breaking a hip in a fall in early December. Her address is Mrs. Alice Smith, Park Ave. Convalescent Hospital, 723 Park Ave., Bridgeport, Conn. 06604.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The Winter Roads account was overdrawn in 1972 by \$3,300. The month of December was an expensive month. Salt alone cost \$3,400. We have also used a large part of the sand stockpile.

Budget Committee meetings are progressing on schedule. The committee has disposed of the accounts that are considered to be routine. They will now concentrate on the more controversial ones which always demand time and study. They will request representatives from special interest groups to be present at future meetings.

It appears at the present, the Budget Committee will follow the Manager's recommendation of not offering a discount on taxes in 1973. There will be an article in the warrant to vote on this. The discount cost taxpayers in excess of \$5,000 last year. We can borrow funds for less at the rate of interest available to a town.

We received \$103,300 as part of the Federal Grant for the sewage system. We also received \$17,900 as final payment for 1972 Federal Revenue sharing. —Elwyn N. Dickey

LANDOWNERS MUST FILE STUMPAGE SALES REPORTS

The Forestry Department of Maine is notifying all owners of forest land who sold or cut stumpage during the calendar year of 1972 that they must render an annual report to the Maine Forestry Dept. during this month of January, 1973. This report should include species cut, volume and stumpage price per unit of measure for each transaction and the municipality or township where the stumpage was located. The law is recorded in Section I, R. S., Title 12, §20-B "Reports by forest landowners"; as passed by the 103rd Legislature, Special Session 1972.

Due to the fact that there may be a problem in making this law known to small woodland owners who make only one timber sale, Robert C. Umberger, Forest Tax Specialist, is asking all logging contractors and operators to help by informing land owners from whom they buy stumpage that a report is to be sent in. A supply of report forms is available to any contractor for distribution to landowners who sell or operate timber stumpage.

Each town office has a supply of these forms. For extra forms and for answers to any questions, write to Forester Umberger, Maine Forestry Department, State Office Building, Augusta, Maine 04330.

TRAINING CLASSES FOR CRAFTS START THIS FRIDAY

Mrs. Florence Hastings will hold the first class in rug braiding in her home on East Bethel on Tuesday, Jan. 10 at one o'clock.

Both Mrs. Hastings and Mrs. Valentine are planning classes in other areas of the county in order to accommodate the people requesting them. Notices of the time and place of these classes will be published as soon as they are lined up.

Anyone interested in pottery and weaving is asked to meet on Thursday, Jan. 25, at Oxford Hills High School at three o'clock. At this time Mrs. S. Adams, Art teacher, will discuss time materials, etc. for classes to begin in February.

Mr. Flynn told the committee of his trip to Bath, Maine, a school system which had undergone the self-evaluation process one year ago. Much valuable information and material was gained from the Bath team leader.

Basel Kinney, S. A. D. 44 superintendent, was also in attendance and gave helpful advice.

The next meeting of the steering committee will be held on Monday, Jan. 15.

CONGREGATIONAL CHURCH HOSTS "MID-WINTER YOUTH HAPPENING" IN DECEMBER

West Parish Congregational Church hosted approximately 100 young people and advisors for three days the last week of December as a "mid-winter youth happening," an opportunity for senior high youths to meet together for personal growth and youth fellowship.

Sponsored by the Christian Life and Work Committee of the State Conference of the United Church of Christ, the theme of this meeting was "Conclusions and New Beginnings." A major emphasis was to promote personal growth by a building, caring, sharing community. The program included large group activities, small group discussions, and time for recreation in the area, including skiing at Sunday River Skiway, skiing at Sunday River Inn, and basketball, volleyball and tennis at the Gould Academy Field House.

The boys were housed in the church, and had use of the visiting room, locker room and showers at the Gould Academy field house, while the girls were housed in the Girls' gym with the use of the locker room and showers in that facility.

Meals were served at the Congregational Church dining room, with Mrs. Ralph Kimball in charge of the kitchen assisted by many volunteers. Mrs. Dexter Stowell was assisted in meal planning and food buying by Herbert Nickerson, for many years past at Gould Academy and currently with the Bethel Spa.

S. A. D. 44 DIRECTORS APPROVE WASHINGTON TRIP—PORTION OF BUDGET AT MONDAY SESSION

The board of directors of S. A. D. 44 at a special meeting held at Telstar Regional High School on Monday evening approved a trip to Washington, D. C., by the Library Club during the April vacation.

The trip will include visits in New York City, Philadelphia, Valley Forge and Gettysburg, Pa., as well as the environs of the Nation's Capital. Chaperones for the trip will be Mrs. Madeline Gibbs and Mr. and Mrs. Tim Kersey.

The board approved the issuance of a note for \$60,000 for operating expenses dated Jan. 9, and due not later than June 30, 1973, at an interest rate not to exceed 2.7%.

Supt. Basil Kinney informed the board that he had received a letter from the board's attorney, Michael J. O'Donnell, informing him that the suit instituted by Mrs. Lynnie B. York versus Robert J. Gerardi, then S. A. D. 44 superintendent, and directors of record in January of 1972, had been dismissed in Federal Court in Portland on Jan. 4.

The directors voted tentative approval of the following portions of the budget for the ensuing fiscal period: administration, health, fixed charges (social security, insurance, interest on current loans), debt service, and outgoing transfers (tuition to other schools). Board members requested added detail on capital outlay requests for fiscal year 1974.

Mr. Kinney presented to the directors a proposed agreement between the M. S. A. D. 44 Administrators Association and the board for the 1973-74 school year. The agreement was referred to the negotiations committee for recommendations to be presented to the entire board.

Members of the board absent Monday evening were: Leon Akers, Edie Snyder (chairman), Andover; Dan Manson, Bethel; and Paul Wight of Newry.

The next regular meeting of the board will be held at the Telstar Regional High School Lecture Hall on Monday evening, Jan. 15, at 7:30.

GEORGE A. NICKERSON

GREENWOOD CITY

— Mrs. Collis Morgan, Corras. —

Sunrise began to come this morning with a small trail of tiny cumulus clouds which went trundling up the sky like a flock of sheep, pink against the horizon. It turned into a clear morning, with a high blue sky. There have been so many of those "scowling" days this week that I decided to take a morning hike. I put on my snowshoes and wandered alone up the old trail. My day was as wide as the sky as I listened to the music of the wind singing a subtle song overhead.

My first obstacle was a fallen maple tree across my path, the second a barbed-wire fence. This was a bit harder to hurdle but I did and caught only the corner of my coat.

After poking around the fields for a time I turned right and stopped to look at the miniature mountain range—rocks bulldozed here years ago and now all capped in white. I went over this range and down to the old road below. There stood the old maple which always fascinates me because of its immense girth, and also the size and spread of its gnarled branches. Its center is dead but it has a whorl of branches, each reaching out forty or more feet. It has stood through the nights of loneliness and dark, ice sharpened winds biting ceaselessly into its bark; yet proudly standing against the winter sky.

I moved on and down the hill and home to get my lunch with plans already made for another tour in the afternoon.

At one fifteen I was descending the bank to the pond. Going straight across I entered the swamp, then turned toward the Sanborn River.

The wind was like a great river, a wave, a many stranded stream of sound as it pushed down the pond. I didn't mind, as it was an "October" day.

Reaching the Sanborn, I followed it a short distance to find an easy crossing. The other side had a more gentle slope with close growing trees but the undergrowth beneath showed patches of sunlight.

Crossing this stretch of forest growth, I again came to the pond. Its northern shore where the "Cold" Whisman brook enters I rambled along its shores seeking in places through frozen snow, winding my way among the trees, some still laden with snow from yesterday's fall.

The tree trunks cast their shadows in the sparkling snow and even here in the forest the sun turned it to a kaleidoscope of color which would make demands on any day.

It was on down that I boomed my coat and turned against a tree on the bank. I looked down at the sandy gravelly bottom on the water lapped by every water on either side. It was a little I shall always remember them as I saw them at that moment, far below me and on a bank. I felt each almost sure to be a forest advancing again into the silent depths of the forest. The

sunlight made warm freckles everywhere as it slanted through the tall pines and hemlocks. Overhead sounded the sassy calls of the blue jays.

I again hit the Sanborn far up river and cautiously made my way to the other shore. Here bending toward me was a shrub giving a lecy veil effect. It looked as if it had small creamy-white flowers borne in bell-like clusters; very attractive and ornamental. Growing here for whom—for me? Maybe.

Along this shore I now followed the river until I reached the place where I had first crossed. A long band of rich warm light bent over the river criss-crossed by the shadowy trees.

Spruces were black in shadow and emerald in light. I looked out over the land; wavering, hummocky, softly green and white. It stretched to the sky, here and there a stunted spruce and a small feathery birch.

The chickadees and winter gold finches called continually. Their voices were an almost constant background to all the other sounds. Here in a protected area was a dazzling winter scene; objects sharply defined, highlighted, underscored.

I followed, now, my trail in, back to the pond. The wind, now, was like a dark-hooded figure, stormy-browed and angry. A few dry leaves whirled in a dervish dance from the force. The trees stretched away in flag form.

When I entered my driveway a single bird so white and fluffy sat on a pole at eye level. The dainty snowbunting had left his flock and ventured here alone. He wasn't at all afraid for he just sat as I passed by him and then came to take the tiny seed which I threw out to him.

As I sat down by my window this evening to write this a flash of white caught my eye. Looking closer I watched a white footed mouse enter the feeder on the sill. Immaculate in his white vest and fawn coat, tiny ears up; he settled to enjoy himself in his "gold mine" he had found.

"Wee, sleekit, cow'rin', tim'rous, beastie, O, what a panie's in thy

breastie!" penned Robert Burns. He dined, carried, returned ever so many times as I watched, then on into the night.

So my winter day began and ended in color; red to rose and fringed with yellow and gold; all too brief, fading as I try to imprint it all in my memory.

Mrs. R. M. Fleet, Corres.
Happy New Year but it's the coldest one in some time. Hope it gets warm soon or they will have to get more fuel besides gas and oil or electric for heat.

There are four trucks hauling out of Ketchikan part-time and two all the time. So the roads are pretty well used.

Jeannine Fleet was on the Upton small route last week.

David Fleet closed in the body of his pick-up truck.

The cats say two above and eight below are too cold for mousing. So they keep near the warm spots in the house.

Mr. and Mrs. Bryce Yates had a big party New Year's evening.

Sharon Day had Tammy Fleet as guest during the week end.

You see from time to time I have had some one to fill in the chitter. Well, I may have to go on a vacation to where all that talk to me wear white. But you will get the news.

Mike Dodge, philosopher and author of the best selling record, "Bert and I," will visit and speak at Gould Academy during the coming week.

A New Yorker by birth, Dodge has won fame as a collector of "down east" humor and American regional dialects. But the 31-year-old Dodge is also a philosopher, by training, a graduate of Yale; he is currently writing his first book, to be published sometime next year.

Dodge is scheduled to speak before the students and faculty of Gould at 10 a. m. on Monday, Jan. 15, in Bingham Auditorium. Members of the Bethel community are cordially invited to attend. Dodge will visit Gould classes through Wednesday, Jan. 17.

— Miss Amy E. Hanscom, Cor. —

The municipal officers are preparing the annual town report.

The books were closed at the end of the fiscal year, Dec. 31, 1971.

Total receipts for the year in closing the Jan. 1, 1972, cash balance of \$21,038.85 were \$73,643.16.

Selections of warrants totaled \$20,531.57 having a year end cash balance of \$23,111.57.

Total Appropriated surplus at the year's end was \$13,564.82 with an unappropriated surplus of \$10,548.23 for a total of \$24,113.05.

\$312.10 was paid in tax items, cost and interest during the year. Tax items held by the town at the close of the books totaled \$32,400. A total of \$1,634.74 in 1972 taxes remained unpaid at the year's end from a commitment of \$43,217.48 plus \$222.90 in supplemental taxes. \$13.04 in prior years taxes is unpaid.

A tentative budget for accounts including schools totals \$10,056.44 compared to \$8,020.44.

An increase is anticipated in the school budget. Due to a new method of taxing large tracts of wild land known as the tree growth law, there will be a substantial loss in value, therefore an increase in the tax rate is unavoidable.

for instructors. The traveling was less eventful than in former years except for the last 20 miles. My fuel supply was uncomfortably low, the wind was terrific and temperature below zero so it was with relief and pleasure that I drove into the yard about 3 a. m.

Several people enjoyed seeing Dr. and Mrs. Barnes on the Bud Leavitt show last Sunday.

SOUTH WOODSTOCK

Mrs. Olive Davis, Corres.

A fire gutted the former home of Ralph Dean's Saturday afternoon when Sayward Lamb and Nicholas Clements noted smoke issuing from the eaves and ridge of the house about 1:45 p. m. while they were parking cars at the Andrews funeral home in preparation for a funeral. The Woodstock and Paris fire departments were called and responded quickly. They did a good job in containing the flames in the below zero temperatures with a strong wind blowing.

The cause of the fire has not been determined and may never be known as the fire had gained great headway before it was discovered.

Because of the smoke, fire and water damage Mr. Andrews feels it may be more advisable to demolish the rest of the structure rather than repairing it.

This house was built in the late 1800's or early 1900's by Alva Andrews as a housing project for one of the workers at the I. W. Andrews and Sons factory.

The first worker to live in this home was Will Pratt. (The house was known as the Will Pratt home and still appears on legal documents when identification is required).

Harlan and Jessie Andrews occupied this house following their marriage, for many years.

Mr. and Mrs. Eddie Wood then occupied it for a while. After they moved Mr. and Mrs. Clarence Hilton made it their home. Later Mr. and Mrs. Pearl Farrington and four children lived in this rent. The children attended school with Lenwood and Stanley Andrews.

Mr. and Mrs. Ellis Davis had dinner Sunday with Mr. and Mrs. Leslie Bryant, Bryant Pond, in honor of Mr. Davis' birthday Jan. 7. He was a recipient of several gifts besides a steak feed which was enjoyed.
